

## Curious Freaks

### Problem Set 1

---

Fail if mark is lesser than 35

Input: 95

Expected Output:

Grade A

Explanation: Here 95 is greater than or equal to 90 so its Grade A

-----  
-----  
Prob 4: Write a program using switch case which takes a value and prints the respective Size.

If size is 29 then its small

If size is 30 then its Medium

If size is 38 then its Large

If size is 42 then its XLarge

If size is not any of the above then Invalid.

Input: 29

Expected Output:

Small

MARK INCOMPLETE
